RE: Hazardous Waste Management Facility Permit, MOD000818963

Dear Mr. Nussbaum:

This letter is to notify you of a planned corporate reorganization whereby McDonnell Douglas Corporation, a wholly-owned subsidiary of The Boeing Company, will merge into its parent corporation, The Boeing Company, effective December 31, 2009. As a result of this reorganization, we anticipate that a Class I modification to the above referenced permit is required for this administrative name change.

The referenced permit expired in 1997 but remains in force until a new permit is issued. A new permit has been applied for and revisions to the new application reflecting the name change have been submitted.

We request your concurrence that the planned reorganization will require only an administrative name change on the referenced permit.

Please contact me if you have any questions or additional action is required.

Sincerely,

A handwritten signature in cursive script, reading "Joe Haake".

Joseph W. Haake, Group Manager
Environment, Health and Safety
